

The Care Trust DAC

Grants Remitted to Beneficiaries

Full details on grants remitted and how these funds are used by Beneficiaries can be found in The Care Trust financial statements and Annual Report. This is a summary of funds remitted in the last twenty years.

Between 2000 and 2020, The Care Trust provided a total of **€48.3 million** to CRC¹, Rehab, and the Mater, net of all operating costs.

The Care Trust is owned in equal shares by CRC (Central Remedial Clinic) and Rehab and has been fundraising, on a national basis, for both of these entities since 1974. The Care Trust also fundraises, by arrangement since 1988, for the Mater Misericordiae University Hospital (the Mater).

Between 2010 and 2020, The Care Trust remitted an average annual amount of €1,227,958 each to CRC and Rehab, equal shareholders. The maximum amount remitted was in 2011, when each received €1,753,061. Since 2011, the Mater received a fixed amount of €250,000 each year. The amount remitted to the Mater in 2020 was reduced to €200,000 due to the impact of the Covid-19 pandemic on The Care Trust fundraising performance.

Contributors to The Care Trust are entered into three draws each month, where a Renault Clio car is won in each draw. In a full year, 36 cars are won. Contributors can also take part in the *Fair Play To You* online lottery draw, which offers a jackpot prize that can grow to €25,000.
